Seturan, Sleman Yogyakarta

I am an undergraduate student majoring in Information Systems at UPN "Veteran Yogyakarta" who has an interest in information system technology and e-business. Have a high enthusiasm for learning in achieving a goal, easily adapt to the environment and can work under pressure.

## Experiences

### Dicoding Indonesia - Bandung, Indonesia

Feb 2023 - Jun 2023

#### Independent Study in Kampus Merdeka as a Front-End and Back-End Web Developer

An independent study centered on enhancing students' experiences while simultaneously training them in crafting innovative and effective websites using HTML, CSS, and Javascript, as well as incorporating Node.js. The study aimed to empower students with practical skills in web development and provide them with insights into creating impactful online experiences.

- Creating an interactive and responsive website that will satisfy users who visit or enjoy the website.
- Led a team of 3 members in completing a capstone project.
- Graduated from the program with a satisfactory grade of an average of 85 out of eleven given classes.
- Creating a website named Catslution, which is a platform designed to assist people in addressing their issues related to caring for and nurturing cats, while also enhancing the knowledge of cat lovers in taking care of their feline companions.
